

Hi!

We hope you and your family are doing well. The J.C. Movement team is gearing up for the 20-21 academic school year. This year due to the pandemic schools will be starting back virtually until Labor Day. J.C. Movement will be offering our Day Home Program to help support parents that will have to work during the school hours. This program will be offered to our current families before it is extended to others. The Program will be held at the JCM House in Madison, Tn. Before & Aftercare will be available during the program times of 6am-6pm. The safety of our students and staff is our main focus. There will only be 10 available slots to help with safety and social distancing in the program. Breakfast, lunch, and snacks will be provided.

The only need would be for students to bring a laptop each day to help the program leader monitor and work with students working on virtual learning assignments. If at all interested please select the link below. An email will be sent with the next steps. Thanks for being apart of J.C. Movement, INC.
